

THE ART OF DINING

April is the month for foodies to try lots of good food and pick up tips. With the World Gourmet Summit 2002 held in April, masterchefs from top restaurants will be delivering cuisine extraordinaire in participating hosting restaurants and also conduct Culinary Masterclasses at At-Sunrise Cooking School from 9 to 12 April. You can pick up tips on wine and cuisine matching and how to entertain at home with style at these sessions. Log on to www.worldgourmetsummit.com for details.
