Dear Mr. Knipp,

Thank you for giving De Loach Vineyards the opportunity to participate in the World Gourmet Summit and attend FoodHotelAsia 2002. The opening WGS Awards of Excellence was a great way to be introduced to the style and personalities of some of the top F & B in the region. I was most impressed with the professionalism shown at each venue and my experience with the Ritz-Carlton could not have been any better. I also enjoyed the show at Singapore Expo, in particular the international team competitions and their hot and cold displays.

I especially appreciated my first-hand look at the flavors of Singapore, and came back with lots of ideas. It was really a treat to be a guest during the week but I must admit I wanted to see what was happenig back in the kitchens!!

Best regards,

Cyndicy Coudray
Culinary Director
