Dear Mr. Knipp,

Just a few lines to thank you most sincerely for the wonderful care taken of me and my team during our visit to Singapore. Being aware of our profession, you will know how complicated and difficult it can be at times when trying to export our idea of cuisine and gastronomy. This is why the invaluable collaboration we received from you and your team was so vital for the success of the events held at the World Gourmet Summit. From now on, I would like you to consider me a friend of W.G.S. and its ambassador insofar as my efforts, both in Spain and Miami, to introduce gastronomy and a cultural exchange among the various nations in the World Gourmet Summit.

My most sincere congratulations,

With best regards,

Sergi Arola- Restaurante La Broche
